

H A R A K O O

• ux designer | front-end developer •

ABOUT ME

I am a UX designer who loves creating successful user interaction for everything. I am good at digging into problems and solve them with technologies.

EDUCATION

2019 - 2020 • Humber College
Web Design and Development

2020 - 2021 • Centennial College
Interactive Media Management

EXPERIENCE

2020 **Impactrio**

UX Designer

Sept 2020 - Dec 2020

- Conducted a survey for 26 people and interviewed 3 potential users to get a better understanding of users.
- Created 2 different prototypes using Sketch, Adobe XD, Invision, Illustrator and Photoshop.
- Collaborated with stakeholders and team members to create great designs that solve a real problem

2021 **Freelancer**

Front-end Developer

Feb 2021 - Mar 2021

- Designed and developed a Chiropractic website based on client requirements.
- Tested and checked feasibility of the website prototypes prior to rollout.
- Documented the code to help someone else understand how it works in the future
